About Fantesca Estate & Winery:

Located at 2920 Spring Mountain Road, in St. Helena, California, 1200-case Fantesca Estate & Winery was founded in 2004 by Proprietors Susan and Duane Hoff. The Minneapolis natives and Best Buy execs had dreamed of owning vineyards and making their own wine in the Napa Valley, with the goal of creating a legacy for their children and grandchildren.

Fantesca's fifth vintage; a 863 case 100% estate grown 2006 Cabernet Sauvignon displays the finesse and opulent style that are the hallmarks of Spring Mountain District. The winery's second wine, a 2007 Chardonnay from Russian River is the fourth vintage of Chardonnay for Fantesca.

As Fantesca Estate & Winery does not have a tasting room and with highly limited production, fans of this new "best buy" wine are encouraged to shop online at www.fantesca.com, call the winery directly at 707-968-0890 to purchase the wine or join the mailing list.
